

Packard Bikeway Task Force Meeting Agenda

Kickoff Meeting - 11/16/2020, 11am-12pm

Task Force Intentions

As stated in the introductory email we would like to develop, with the insights of all parties, a proposal for short-term and long-term active transportation improvements to Packard Road between Eisenhower and Cross. We are estimating this occurring through 4 to 6 meetings over the next 6 to 8 months. The goal of this effort will be conceptual level drawings of long-term and short-term facilities that people would like to see, as well as a preliminary schedule and funding strategy for said facilities.

Justifications

The need for bike facilities on Packard is well established through existing survey information and transportation plans. See references at end of agenda if folks would like to read more in depth on the need for these facilities.

Introductions (11:00 - 11:03)

Meeting Goals (11:03 - 11:08):

- Begin to define long term vision for the corridor
- Bring to the surface unknown challenges and elaborate on known challenges.
- Establish what persons and/or organizations are most vital to this effort.
- Define action items for each individual and/or organization for the next meeting.

Brief Overview and Quick Tour (11:08 - 11:15 - WBWC):

Discussions:

Long Term Visions (11:15 - 11:30)

Obstacles (11:30 - 11:40)

Short Term/Strategic Opportunities (11:40 - 11:50)
